Project Objectives

Obtain CE Mark for forklift trucks manufactured in the United Kingdom

Background

Commander Sideloaders previously purchased fork lift trucks from Czech Republic, however, a decision was made to assemble fork lift trucks in the UK. As such the company were required to meet the requirements of machinery directive and to CE mark the vehicles.

Assistance Provided

A review of design and associated manufacturing information was undertaken. A technical file was generated to ensure all the requirements of the machinery Directive were being met.

All relevant information, testing, instructions and materials used in the manufacture was added to the technical file

Outcomes

The company were in a position to make a self-declaration against the machinery Directive and CE Mark their vehicles.
