

Health & Safety Compliance

We offer a full range of Health & Safety services.

External Competent person

2 Audits with a 12-month certificate of Competent person.

Ideal If your business or organisation does not have the competence to manage health and safety in-house, for example, if it is large, complex/high risk or even if you don't have the staff capability. Outsourcing your competent person not only gives you an outsider prospective on your processes and procedures but is more cost effective than a permanent H&S member of staff.

Assessments

COSHH - Both Training & Assessments
Machinery Risk Assessment
Activity Risk Assessment
Onsite Risk Assessment

Training

LVL 2 Health & Safety in the Workplace
LVL 3 Health & Safety in the Workplace
LVL 3 First Aid at Work
LVL 3 Emergency First Aid at Work
Risk Assessment Training
Awareness Training

Our Health & Safety offering can be taken as a new project to new client or added onto any existing offerings.
